

# UNIVERSITY OF DAYTON 2017-18

---

Whether you're wondering what classes are offered in your degree program or how many credits you need to graduate, you'll find the answers in the catalog.

While new issues are released annually, the issue published in the academic year of your enrollment governs your academic program. The provisions of the various issues of the catalog are to be considered directive in character and not as an irrevocable contract between the student and the University.

The University reserves the right to make any changes in the contents of the catalog or in the documented courses of study that it deems necessary or desirable.
