

TRANSFER POLICIES

Transfer of Credit Policy

All transfer coursework completed by current UD students for UD credit must be approved in writing by the dean's office prior to registration for the course. At a minimum, the approval process will include a review of the institution, course descriptions and course syllabus. Additionally, a vita of the professor and/or a copy of the textbook used in the course may be reviewed. Consideration for credit will only be given to transfer courses with a grade of C- or better.

Courses taken in the U.S. must be completed at a regionally accredited institution. Courses taken in a foreign country must be completed at an institution recognized by the foreign country's minister/head of education. Official transcripts must be sent directly to UD from the university and must contain an official seal of the university's office of academic affairs. Other requirements may be necessary (i.e. School of Business courses need to be taken at an AACSB accredited institution) given the specific course in question.

No credit will be granted when a student fails to receive prior written approval from the dean's office or fails to provide official transcripts sent to UD directly from the approved university.

Internal Transfer Policy

change. A student who intends to transfer to the School of Engineering must have met the minimum of the mathematics, physics and chemistry requirements, along with a minimum of 3.0 GPA to be considered for admission into the School of Engineering.

Units will review applications for transfer and make decisions in a timely fashion with communication to the student, the appropriate units and the Registrar.
