

MINOR IN TECHNICAL ENTREPRENEURSHIP (TEN)

Dayton Ohio is the nucleus of innovation and entrepreneurial thinking. This Minor will provide students an opportunity to cultivate and develop their entrepreneurial mindset through transfer of knowledge, experiential learning and practice. The minor leads the students through all the stages of new venture creation, intellectual property, patent, researching funding solutions, and more. The students of today have a passion and drive for innovation and creativity. This sequence of courses will provide them with the skill sets to turn this into reality.
