

ACADEMIC SCHOLARSHIPS FOR RETURNING STUDENTS

Although additional scholarship funding beyond the initial award offer is limited in future years, students in full-time attendance who have completed at least 12 semester hours on campus at the University of Dayton will be considered for additional scholarships. Students will receive email communication at the end of each academic year with details about how to be considered. Recipients are selected on the basis of academic accomplishments, leadership, financial need and demonstrated service to the University. These scholarships are gifts to the University of Dayton, from alumni, families, corporations and foundations.

Please access additional information about scholarships on our website (<https://udayton.edu/affordability/undergraduate/financial-aid/types-of-aid/scholarships.php>).
