

LICENSURE FOR STUDENTS IN ARTS AND SCIENCES

B.A. or B.S. and B.S.E.

Students earning a Bachelor of Arts or a Bachelor of Science in the College of Arts and Sciences who wish to complete the requirements for a teaching license in the state of Ohio, may do this by also completing the requirements for the degree of Bachelor of Science in Education.

The dual degree option requires students to complete all course and academic requirements, including specific minimum GPA requirements, in both academic units. Some overlap of degree requirements may exist and students are encouraged to meet with an adviser in each academic unit to obtain a clear understanding of the total academic work needed for the dual degree option. For a full description of the requirements for the teacher licensure programs in the Department of Teacher Education, see Programs of Study (<http://catalog.udayton.edu/undergraduate/schoolofeducationandhealthsciences/programsofstudy/teachereducation/>).
